3CM Thickness - 833 lbs

Jumbo II: 63" x 130"
2CM Thickness - 585 lbs
3CM Thickness - 870 lbs

The inch dimensions are nominal.

VIATERA BENEFITS

Strong & Durable

Viatera contains up to 93% natural quartz while natural stone generally contains 20 to 60% quartz. As a result, Viatera tends to have higher tensile strength than natural stone.

Hygienic & Non-porous

Viatera is non-porous and it is safe for food preparation. Viatera is certified by NSF (National Sanitation Foundation). When a material or a seam is porous, food particle can be trapped in the surface material, becoming a breeding ground for bacteria and contamination.

Stain & Scratch Resistant

Quartz is an impervious crystalline mineral that is particularly resistant to absorption. Because of this characteristic, Viatera becomes a material that is extremely stain resistant.

Easy Care

Non-porous and easy to clean, Viatera is ideal for kitchen and bath applications. Unlike other stone products, Viatera does not require sealing.

Search on NSF.org to see the listing of the certified Viatera colors.

INSPIRED BY THE MOMENTS OF LIFE, INSPIRED BY NATURE

Viatera is designed and created around the idea that a countertop is where life's moments happen. Whether you're looking for a surface that stands up to the demands of daily life or a surface that resists the wear of commercial applications, Viatera is available in array of colors and styles that allow you the freedom to create a space that truly reflects the beauty and wonder of your life.

Printed representation of color may vary from the actual product.
